<b>INDIANA</b>	<b>317-416-2452</b>

**Authority for an emergency movement may be granted only after confirmation that an emergency exists by an authorized representative of the permittee who shall be required to furnish information on conditions at the location of the emergency and the name of the company to perform the emergency service.**

**Department of Transportation representatives granting authority for an emergency movement may advise the State Highway Patrol that the move is authorized and furnish information on the vehicle involved, such as make and license of hauling units, axle weights, load dimensions, location, routes of travel, and the estimated time of the movement.**

**Permits for return trips will be issued during regular working hours only and each unit must comply with the permit regulations' limitations for weight and dimensions.**

**Emergency permit valid only for the initial response to an emergency and the return trip from that emergency. Movement for purposes other than to or from an emergency response will require a single trip permit be obtained during regular working hours and must comply with the permit regulations' limitations for weight and dimensions.**

**Under no circumstances will non-emergency permits be available at any of these numbers anytime day or night.**
